

GEORGIA FORESTRY FOUNDATION DONATION FORM

Educating Georgia's next generation of decision makers is the most important step we can take to safeguard one of our most valuable renewable resources: our forests.

If the forestry community is to continue to thrive in the 21st century, today's students, who are tomorrow's voters and policy makers, must understand the role of forests in producing clean air and water, providing wildlife habitats, and sustaining economic prosperity. If we fail, we risk the loss of the state's greatest environmental protection assets and economic drivers.

The Foundation's work through Georgia Project Learning Tree and the Georgia Teacher Conservation Workshop is critical to the future management and health of Georgia's forests. Help us continue to protect these valuable resources by contributing funds to educate the general public. For more information, please contact the Foundation office at (478) 992-8110 or visit gaforestfdn.org.

Please accept my **tax-deductible** contribution to assist the Georgia Forestry Foundation's (GFF) efforts to educate teachers, students and the public on the importance of Georgia's forest resources and the need for proper forest management.

Donor Name _____ Phone _____

Company/Organization _____

Address _____ City _____

State _____ Zip _____ Email _____

Check here if you do not want your name to be published on a donor list.

YES, I would like to support forestry education in Georgia!

\$1,000 Canopy Club \$500 Timber Club

\$100 Seedling Club \$250 Sapling Club
