

# FORESTPAC

Advocating for a sound business and policy environment for forestry in Georgia.

## 2016-19 STRATEGY

Through 2016-19, we will grow our giving base to not only continue supporting our existing allies, but also reach out more aggressively to others who will be supportive of our future.

1. Continue supporting existing “friends of forestry” in the political arena.
2. Cultivate new “friends of forestry.”
3. Have a presence in statewide elections.
4. Generate a “return on investment” to our donors.

## RETURN ON INVESTMENT

All donors will receive regular communications on the activities of the PAC via email, and recipients of ForestPAC donations will be encouraged to work with GFA to send thank-you video messages to PAC donors.

Select groups of contributors will also receive access to political leaders to personally deliver contributions and engage in direct dialog regarding the issues of importance to the forestry community through events.

## BUILDING THE PAC

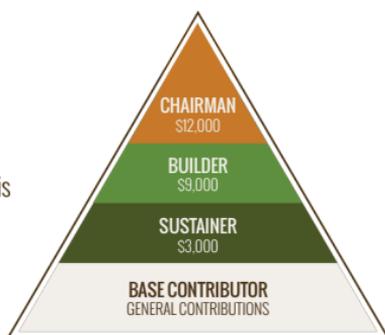

1. One commitment spread out over a three-year period.
2. Flexible levels of commitment to meet your ability and needs.
3. Enhance personal donations with ForestPAC donations to amplify forestry’s presence in policy making.
