

Enviva at a Glance

Enviva is a leading global renewable energy company on a mission to displace fossil fuels, grow more trees, and fight climate change.

We employ **~1300 people** across the globe.

We operate **nine wood pellet plants** across the U.S. Southeast.

We ship from **six deep-water export terminals** across the U.S. Southeast.

We have **four corporate offices** in key markets around the world.

Enviva uses sustainably sourced, low-value wood to manufacture wood pellets, a renewable fuel source that generates electricity and heat around the world.
