CORE PRINCIPLES

PRIVATE PROPERTY RIGHTS
Protecting landowner’s options for managing their land including the Best Management Practices (BMP’s) for water quality and the use of prescribed fire.
Responsible use of eminent domain.

SENSIBLE TAXES AND REGULATION
Policies that protect and enhance the value and management of private timberlands as a critical component in the economic and environmental well-being of our communities.

HEALTHY MARKETS
Unencumbered access to markets for raw materials and finished goods.
Promoting use of Georgia’s #1 renewable resource.
